Employee Benefits Guide

Benefits Period:

01/01/2027 - 12/31/2027

Welcome to The City of Chattanooga

Come be here.

At The City of Chattanooga, we're committed to supporting your physical, mental, and financial well-being with a comprehensive and competitive benefits package. Our goal is to provide high-quality benefits while balancing value and affordability.

For a quick summary, refer to the Benefits-at-a-Glance section on page 4. Additional resources, including Summary Plan Descriptions, Summary of Benefits and Coverage, carrier plan documents, and more, are available by logging into Oracle Cloud System.

This guide offers an overview of the benefits available to you, helping you make informed choices for yourself and your family. We encourage you to explore the details and reach out to Human Resources with any questions—we're here to help you make the most of your benefits.

Our benefits are effective:
01/01/2027 through 12/31/2027 of each year

This benefits guide serves as a Summary of Material Modification (SMM) and notification of your rights related to the 2027 plan year. All detailed information is available online on Oracle Cloud System. This document is for informational purposes only. If there is a disagreement between the benefits described in this guide and information included in the complete plan documents this guide summarizes, the plan documents will govern. In addition, the plans described in this guide are subject to change without notice. Continuation of any benefit plan or coverage is provided in compliance with federal and state laws. If you need additional information or have any questions about the benefit program, please contact Human Resources.

2027 Plan Year Highlights

- As a full-time benefit eligible employee, you will have access to the Employee Care Center of The Baldwin Group. They are available to help you navigate your benefits program, work through claims issues and more!
- There will be a small increase to the 2027 Medical, Dental, and Vision premiums.
- If you want to elect a Flexible Spending Account for the 2027 plan year, you **MUST** enroll in the Oracle Cloud System accessed through landing.chattanooga.gov. Your election from last year will NOT carry over.
- To enroll in Unum Whole Life Insurance, you will need to call Unum directly at 1-866-643- 9404 during the open enrollment dates. A representative will be available from 8:00 AM - 8:00 PM EST to assist you with the process.

Enrollment Information

Enrollment Changes

Changes to your enrollment may be made annually during open enrollment each year. Mid-year changes may be made for the following qualifying events such as marriage/divorce, birth/adoption, death, change in job status of yourself or your spouse, and/or change in Medicaid/CHIP eligibility.

However, all changes must be made within 31 days of your qualifying event.

The *only* exception is Medicaid/CHIP, which gives you up to 60 days to make a change. You must notify the Benefits Office immediately when you experience a qualifying event.

Review your benefit options detailed in this booklet and at www.mychattanoogabenefits.com. This site is available 24/7 for employees to reference benefit option details. Please contact Human Resources if you have any questions regarding your benefits plan.

31:

the number of days from the date of a qualifying event that you have to notify HR of the event

Qualifying Life Events (QLEs)

During Open Enrollment, you have the opportunity to elect the benefit plan that is best for you and your family. Carefully review all your options; once you make an election, you cannot change it until the next enrollment period unless you experience a Qualifying Life Event (QLE), sometimes referred to as a family status change. A QLE is an event that *may impact your eligibility or a dependent's eligibility. Examples* of QLEs include:

- Marriage, divorce, legal separation or annulment
- Birth or adoption (including placement for adoption) of a child
- Performance of a Qualified Medical Child Support Order
- Death of a spouse or child
- A change in your dependent's eligibility status
- Loss of coverage from another health plan
- Change in your residence or workplace (if your benefit options change)
- Loss of coverage through Medicaid or Children's Health Insurance Program (CHIP)
- Becoming eligible for a federal or state premium assistance program under Medicare, Medicaid, or CHIP
- Upon the occurrence of significant cost or coverage changes to your underlying coverage
- Upon your qualifying enrollment in a coverage option offered on the federal marketplace or on a state-based exchange

Enrollment Checklist

Before Enrollment

Take the time to learn more about all of the benefit options that are available to you. The City of Chattanooga provides you with tools and other resources to help you make your benefit decisions.

- Review the 2027 Benefits Guide carefully as you consider your plan choices.
- Review the plan summaries for the plans you are enrolling in as these provide a more detailed overview of the plan.
- View the online benefits presentation at www.mychattanoogabenefits.com.
- Decide if you want to enroll in a Flexible Spending Account (Health Care and/or Dependent Day Care) or Health Savings Account (HSA).
- **Remember: you must actively enroll in the FSA each year.**

During Enrollment - Enroll between November 2 - 16, 2026.

Please log in to Oracle and confirm all elections for 2027

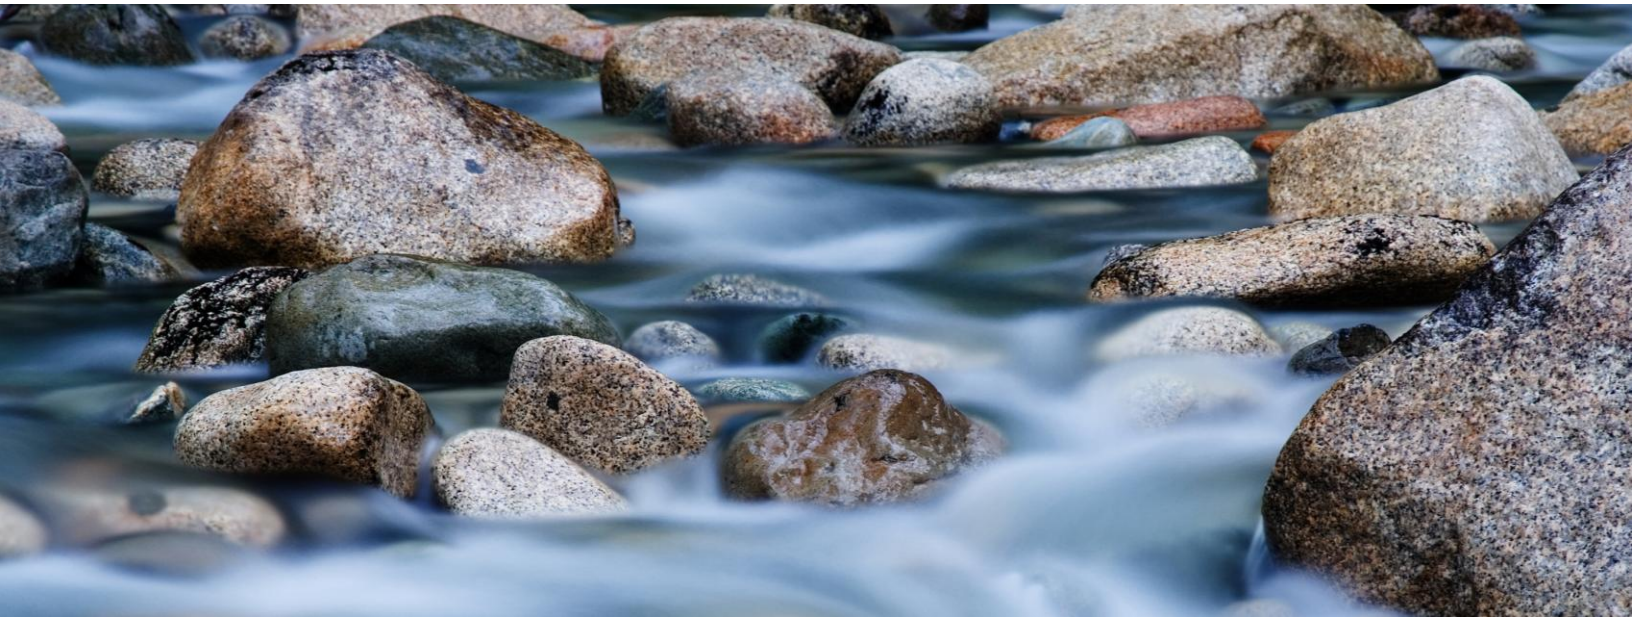

- Complete your enrollment using the Oracle Cloud System, **save or print a copy of your confirmation statement**, review it for accuracy and retain it. *This is your record of enrollment. The Benefits Department does not mail confirmations to your home address.*
- Make sure you have designated a beneficiary assigned to the life benefits. Make any necessary updates to ensure the Oracle system reflects the correct information.
- Save your Oracle password in a secure place so you can log back into your account throughout the year.

After Enrollment

- **Verify your 2027 elections.** Your 2027 benefit elections will be deducted starting on the December 31st paycheck. Please check your paystub to ensure your payroll deductions are accurate**.**
- **If you notice any errors, notify the HR Benefits Department immediately**. Most elections cannot be changed after Open Enrollment except within 31 days of a qualifying event change**.**

To Enroll or Make Changes to Your Benefits

- **Web:** Go to Oracle Cloud System at landing.chattanooga.gov.
- **Username and Password:** You will receive an email with information that is unique to you.

Things to Know

The choices you make during open enrollment will take effect on January 1, 2027, and remain in effect until December 31, 2027. Only qualifying life events will allow you to make a change before that date (see Mid-Year Life Changes listed below for more information).

Remember!

Even if you do not wish to make any benefit changes for the upcoming plan year, you must confirm all elections in Oracle for 2027.

- The Flexible Spending Account (FSA) requires an annual election for either Health or Dependent Care.
- You may participate in a Flexible Spending Account even if you do not make medical plan elections.
- You may participate in the Dependent Care FSA to pay for daycare or elder care expenses, regardless of your health care election.
- Maintain your Unum Worksite benefits through the Oracle system.

Benefit Eligibility - Dependents

- Your legal spouse
- Your or your spouse's: (1) natural child; (2) legally adopted child (including children placed for the purpose of adoption); (3) step-child(ren); or (4) children for whom the employee or employee's spouse is the legal guardian; who are less than 26 years old; or
- Your child or your spouse's child for whom a Qualified Medical Child Support Order has been issued; or
- Your Incapacitated Child or your spouse's Incapacitated Child

Documentation

In order to cover your dependents on The City of Chattanooga benefit plans, you must provide the following documentation before the coverage effective date:

- Marriage Certificate or 1040 for the addition of a spouse.
- Birth certificate for the addition of a child or children.
- Social security cards must be submitted for **all dependents that will be covered under medical, dental and vision benefits**.

Most documents can be uploaded directly into the Oracle Cloud System. For assistance, contact the Benefits Office. Date of birth and the social security number are needed for all dependents who will be covered under the medical, dental and vision benefits.

Mid-Year Life Changes - Qualifying Events

Each year you have the opportunity to make changes to your benefits package during an Annual Open Enrollment. With the exception of certain qualifying events, open enrollment is the only time benefit changes may be made. A qualifying event is a change in your personal life that may impact your eligibility or dependent's eligibility for benefits. Examples of a Qualifying event are listed below as defined by the IRS:

- Change in legal marital status, including marriage, death of a spouse, divorce, legal separation and annulment.
- A change in the number of dependents, including birth, death, adoption, and placement for adoption.
- A change in employment status.
- A dependent ceasing to satisfy eligibility requirements for coverage due to attainment of age 26, change in marital status, or other similar circumstances.

If you are not sure whether your change is a qualifying event, please ask!

It is the employee's responsibility to notify the Benefits Office at (423) 643-7220 or benefits@chattanooga.gov of any life change that results in a gain or loss of dependent eligibility within **31 days** *of the date of the event. The employee may be responsible for any costs associated with misrepresentation.*

Employee Contributions

To make health coverage more affordable, The City of Chattanooga pays a substantial portion of the premiums. Your share is deducted from your paycheck, making it easy to stay covered and manage costs.

Your Monthly Cost

IRS Code Section 125

The The City of Chattanooga benefits plans are designed under Section 125 of the IRS Code. This allows you to take advantage of federal laws by purchasing some of your benefits with pre-tax dollars. Under Section 125, your Medical, Dental, Vision, and Flexible Spending Account contributions are deducted before taxes are withheld, which saves you tax dollars. Paying for benefits before tax means that your share of the costs are deducted before taxes are determined, resulting in more take-home pay for you. As a result, the IRS requires that your elections remain in effect for the entire year. You cannot drop or change coverage unless you experience a qualifying event. You may waive participation in the Section 125 Plan and elect to pay all contributions with after-tax dollars. Contact Human Resources if you wish to pay for your benefits with after-tax dollars.

Understanding Your Medical Benefits

The City of Chattanooga operates a self-funded medical insurance plan. **BlueCross BlueShield of Tennessee** (**BCBST**) is the administrator of the City's insurance plan.

The Plan has two options – a Preferred Provider Organization Plan (PPO) and a High Deductible Health Plan (HDHP). The PPO plan has copays, a deductible and coinsurance after the deductible has been met. The HDHP has a deductible and coinsurance after the deductible has been met. A Health Savings Account (HSA) is used with the HDHP to set aside savings for future medical expenses.

The plan offers options in the BCBST S and P Networks. You have the flexibility to go to any provider that you choose; however, anytime you select an in-network physician or facility, you will see significant discounts and savings. In Tennessee, both networks include the Vanderbilt and St. Thomas hospital systems. BCBST makes it easy to determine whether your providers are in-network for the network choice you make.

To find an in-network provider near you, go to www.bcbst.com and click on "Find A Doctor." You can sort by Network P or S to see which of your providers participate in each network. You can also consult either the online directory or the BlueCross BlueShield of TN Customer Service department at 1-800-565-9140 to confirm that your provider participates in the network.

Finding a Medical Provider

- **Call:** 1-800-565-9140.
- **Web:** www.bcbst.com
  - Refer to the "S" or "P" network.

Plan Options	
PPO – P or S Network	HDHP – P or S Network
• Higher Premium • Not eligible for HSA • Deductible: $1,000 for single or $2,000 for family. The plan pays after reaching the deductible. • 100% Preventive Coverage • Copays for select services	• Lower Premium • HSA eligible • Deductible: $2,000 for single or $4,000 for family. The plan pays after reaching the deductible. • 100% Preventive Coverage

Terms to Remember

Copay (Copayment) – The set fee you have to pay "out-of-pocket" for certain services, such as a doctor's office visit or prescription drug.

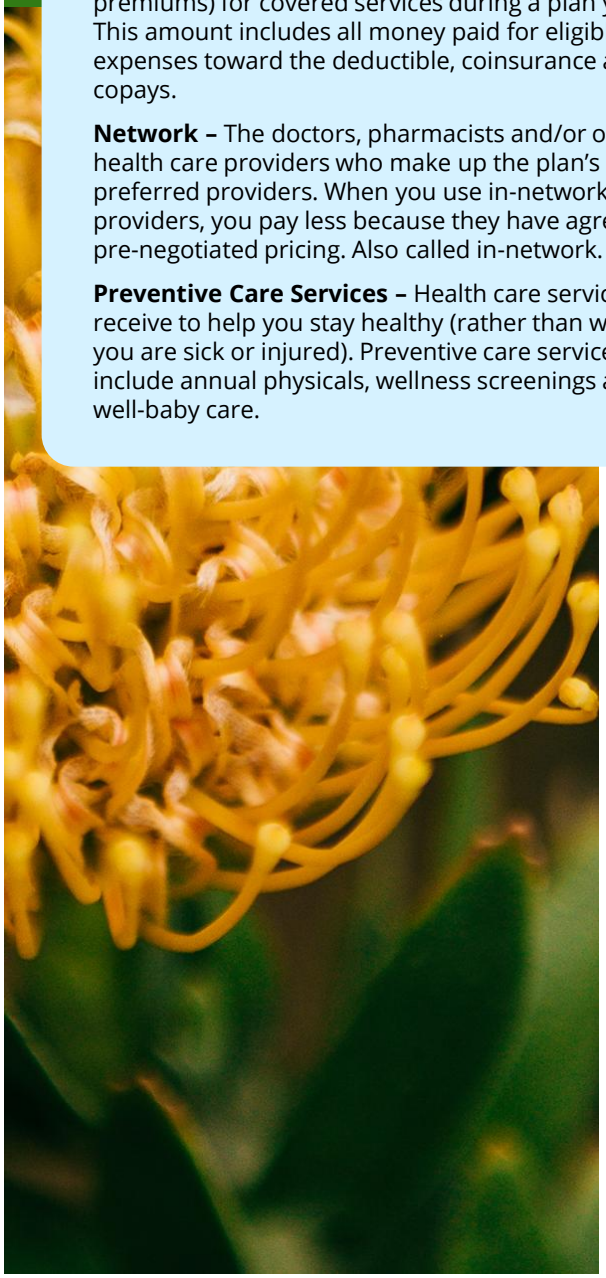

Deductible – The amount you pay "out-of-pocket" before the health plan will start to pay its share of covered expenses.

Coinsurance – The percentage of total costs that you pay "out-of-pocket" for covered expenses after you meet the deductible.

Out-of-Pocket Maximum (OOPM) – The maximum amount an individual or family will pay (in addition to premiums) for covered services during a plan year. This amount includes all money paid for eligible expenses toward the deductible, coinsurance and copays.

Network – The doctors, pharmacists and/or other health care providers who make up the plan's preferred providers. When you use in-network providers, you pay less because they have agreed to pre-negotiated pricing. Also called in-network.

Preventive Care Services – Health care services you receive to help you stay healthy (rather than when you are sick or injured). Preventive care services include annual physicals, wellness screenings and well-baby care.

Pharmacy Benefits

The City of Chattanooga offers pharmacy benefits through Navitus. Navitus has the tools to help you and your physician make the best decisions possible for your care. Their network of over 64,000 pharmacies includes all major pharmacy chains.

To find a list of covered drugs and preferred pharmacies near you, visit www.navitus.com. If you need assistance with a prescription, contact Navitus Member Services.

Copay Assistance

Many medications have copay assistance programs where drug manufacturers pay a part of the medication cost to make it more affordable. If you do not currently use a copay assistance program, the Navitus Customer Care team can help you enroll to take advantage of these savings. If you already use copay assistance, your out-of-pocket cost will not change. With copay assistance, only the amount you have paid out-of-pocket will apply to your annual deductible and/or out-of-pocket maximum. Some copay assistance programs require re-enrollment annually.

Lumicera Specialty Pharmacy

If you are taking a specialty medication, Lumicera will be your specialty pharmacy. A Navitus representative will reach out to you to talk about this transition. If you have questions beforehand, please call member services or Lumicera directly.

Mail Order Pharmacy - Costco

For maintenance medications, you can use our preferred mail order pharmacy, Costco Home Delivery. Costco offers convenient delivery options and makes refilling your medications easy with the ability to refill by phone call, text message, or online.

Terms to Remember

Formulary – A list of prescription drugs covered by a prescription drug plan or another insurance plan offering prescription drug benefits. Also called a drug list. Drugs are chosen for the formulary depending on their effectiveness, safety and appropriateness.

Drug Tier – Drugs are placed in tiers based on the type of drug: generic, preferred brand, non-preferred brand, and specialty. Drugs in lower tiers will cost less and those in higher tiers will cost more.

Specialty Drug – A medication used to treat complex and rare diseases that is either a self-administered (nondiabetic) injectable medication; a medication that requires special handling, special administration, or monitoring; or, is a high-cost oral medication.

Prior Authorization – Your physician must follow a process to obtain prior approval from your insurance company when administering specific medications, medical devices and medical procedures. Prior authorization must be performed before the insurance company or plan will provide full or partial coverage.

Medication adherence – The degree to which patients take their medications as prescribed (eg, twice daily), as well as whether they continue to take a prescribed medication.

To get started, go to pharmacy.costco.com and click on “Get Started” to create your account. You do not have to be a Costco member to take advantage of savings offered by this service. If you need assistance, you can call Costco Monday - Friday from 8:00 am - 10:00 pm ET, or Saturday from 12:30 pm - 5:00 pm ET.

TextCare

Text **423-481-9760** to Initiate Care

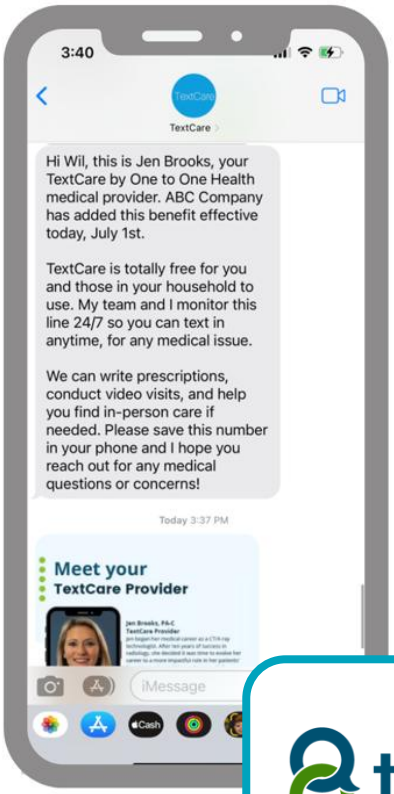

Ever wish you could just text a doctor whenever you needed it? Now you can.

TextCare is available to all employees enrolled in the medical plan and their entire household.

TextCare provides 24/7 access to One to One Health board-certified providers via text message and video chat. Your care team can help with any health or medical question and should be your first point of contact for any issue. Even if your issue cannot be resolved virtually, the care team provides expert care navigation and will refer you to specialty providers.

TextCare assists with:

- General care, preventative check-ins, personal wellbeing and urgent care needs (aches, injuries, colds, sickness)
- Pediatric wellbeing (2+ years old)
- Managing a chronic condition (diabetes, hypertension) with provider follow-up
- In-person care coordination (specialists, imaging and prescriptions)
- Ordering labs and reviewing results
- Prescription drug orders or refill

Scan to start your TextCare appointment!

When you text TextCare, your care team will respond within 5 minutes. Appointments are not required, and there is no app to download.

Health Savings Account

A Health Savings Account (HSA) allows you to set aside a portion of your paycheck, pretax, for healthcare expenses or to use as a retirement savings tool.

If you enroll in our HSA-eligible medical plan – High Deductible Health Plan (HDHP) – you are eligible to enroll in the HSA offered by The City of Chattanooga and administered by HealthEquity.

See the chart below for the IRS-mandated annual contribution maximums.

Annual Limits	IRS Contribution Limit
Employee Only	$4,500
Employee + Dependent	$9,000
Employee + Family	$9,000
Catch-Up (Age 55+)	$1,000

The IRS allows you to contribute the maximum annual contribution as long as you remain eligible through December 31 of the following year. If you are concerned that you may not remain eligible for the entire period, you may wish to prorate contributions based on the number of months you were HSA eligible.

Using Your Funds

Upon enrollment, HealthEquity will send you a debit card, which can be used at the time of purchase of HSA-eligible items.

The account acts like a regular checking account with a debit card that accrues interest. All money in the account is owned by you and is fully vested as soon as it is deposited. Funds can accumulate over time, and the account is portable.

Any unused monies left in your HSA at the end of the calendar year will roll over to the next year for you to use.

When you use the funds for qualified health expenses, you will not pay taxes. If you use the money for other expenses, you'll pay a tax and a penalty fee.

Examples of Eligible HSA Expenses

For a complete list of IRS-qualified healthcare expenses, visit www.irs.gov/publications/p502.

Flexible Spending Accounts

The Flexible Spending Account rules require that you enroll each year. If you own a Health Savings Account (HSA), you are not eligible to enroll in the City's Health Care FSA.

The City offers both a Health Care Flexible Spending Account (HC-FSA) and a Dependent Care Flexible Spending Account (DC-FSA) through **TASC** for employees to defer money on a pre-tax basis for use on approved medical and dependent care expenses. You can set money aside from your gross income, pre-tax for expenses that you anticipate for the plan year.

Budget your contributions to match your expected expenses. At the end of the plan year, any unspent funds up to a $680 limit are allowed to carryover (amounts unspent above $680 are lost).

By setting aside money pre-tax into your FSA, you save on taxes and take home more spendable income! Please contact customer service or Human Resources for a list of eligible health care expenses, which include:

- Prescription Drugs/Medications
- Medical/Dental Office Visit Copays
- Eye Exams and Prescription Glasses/Lenses
- Vaccinations
- Certain Over-the-Counter Medications

A complete list can be found at www.irs.gov in IRS Publications 502 & 503. Please note: insurance premiums are NOT eligible for reimbursement.

FSA Type	2027 Maximum Contribution
Health Care FSA *Savings & spending account for eligible health care related expenses*	$3,400* (*at date of publication, 2027 maximum has not been released*)
Dependent Care Account (DCA) *For eligible dependent care expenses: day care, after-school programs, adult day care & summer camp*	$7,500/household

PLEASE NOTE:

- *This account is not portable. If you leave employment you cannot take your FSA with you.*
- *Remember to obtain itemized receipts to substantiate your claim.*

Managing Your FSAs

- **Web:** https://tasconline.com

Important!

You are not required to enroll in a medical plan to enroll in a Flexible Spending Account. The Flexible Spending Account enrollment is a one year election only. You must enroll each year to participate.

A Health Care FSA can help pay for eligible medical expenses for you or your dependents that you claim on your federal tax return.

Differences Between HSAs and FSAs

HSAs and Healthcare FSAs have different rules for eligibility, contributions, spending, and what happens to unused funds—it's important to know the difference!

Health Savings Accounts (HSAs) and Flexible Spending Accounts (FSAs) are common tax-free benefits plans. You can save money with either, but there are many differences between them. Here is a brief outline:

HSA	VS	Healthcare FSA
Employee-Owned	 **Ownership**	Employer-Owned
You must be enrolled in a High Deductible Health Plan, like the High Deductible Health Plan (HDHP).	 **Eligibility**	Anyone is eligible, although you can't be enrolled in both an HSA and a Healthcare FSA.
Funds contributed can carry over from year to year.	 **Carry Over**	The City of Chattanooga allows up to $680 to be rolled over into the next plan year. Any amount over $680 is forfeited.
The HSA is portable, so the funds in the account stay with you wherever you go.	 **Portability**	FSAs are employer-owned accounts, so the funds are forfeited if you change jobs.
You can invest HSA funds.	 **Investment Options**	You cannot invest FSA funds.
It's not required, but you'll want to keep all documentation in case you're ever the subject of an IRS audit.	 **Substantiation**	The IRS requires substantiation for some FSA expenses to show the eligibility of the expense.
Only the funds that have been contributed are available to cover expenses.	 **Funds Availability**	All funds for the plan year are available on the first day of the plan year.
You can change how much you contribute to an HSA any time of the year.	 **Contribution Changes**	You cannot change your FSA contributions after the effective date, unless you experience a qualifying life event (QLE).

Unum Voluntary Whole Life

Whole Life Insurance can provide added financial security for you and your family. This life insurance option is separate and different from your group term life insurance, in that it accumulates cash value over time. The premiums never increase, so the amount you pay when you sign up is the amount you will always pay.

The insurance also includes an option that will allow you to stop paying at age 70, while still keeping the coverage for life. Additionally, if you reach a point in life where your health condition qualifies, the policy can be used to pay for long-term care expenses. Coverage is available for employees, spouses, and children.

Unum will continue to provide this additional voluntary benefit for City employees and their families. You must contact Unum by calling 1-866-643-9404 to enroll.

General Pension Plan

The City provides various benefits to assist with your future financial security as you plan for retirement or in the event of a disability. If you are a civilian full-time employee of the City, you are automatically a member of the General Pension Plan (Plan).

As a participant, you contribute 2% of your pensionable earnings to the Plan and the City contributes additional amounts sufficient to fund the future retirement benefit payments from the Plan. The City's contribution will vary from year to year based on the recommendations of the Plan's actuary and the General Pension Plan Board of Trustees. The Trustees direct the investment strategy and objectives for the growth of the Plan's assets. All combined, the Plan will furnish a lifetime of retirement benefits for its participants.

The Plan is a defined benefit plan, which means that your basic monthly benefit is based on your years of service in the Plan and the average of your three highest calendar year earnings while in the Plan. A participant becomes vested in the Plan after earning 60 pension service credits. The Plan's stated normal retirement age is 62; however, a vested participant can retire as early as age 55 with a reduced benefit. If a vested participant has met the Rule of 80 before age 62, the participant can retire early without reduction in benefits. The basic monthly pension benefit is a single life annuity. The Plan offers other payment options that may help the participant to reach personal retirement goals.

For more information about this valuable benefit and Plan features, please visit the web page: https://chattanooga.gov/careers/city-employees-resources/benefits-handbook. Contact the HR Benefits Office at (423) 643-7224 with your questions about this benefit.

Deferred Compensation (457b)

Regardless of your participation in a pension plan, if you have income, you can specify an amount to be set aside through payroll deduction in a deferred compensation plan.

The 457b deferred compensation plan is designed for governments and operates in a manner similar to a 401(k). There are four different programs available through the City. You may choose from Empower, Nationwide, Voya, and Mission Square to defer a portion of your income before tax to supplement your retirement. You select the assets that fit your 'risk profile' to allocate and grow your dollars and increase your retirement nest egg. Even if you only contribute a small amount, with your selection of assets to grow your dollars, the funds can help you to supplement your retirement or provide insurance against unforeseeable future expenses.

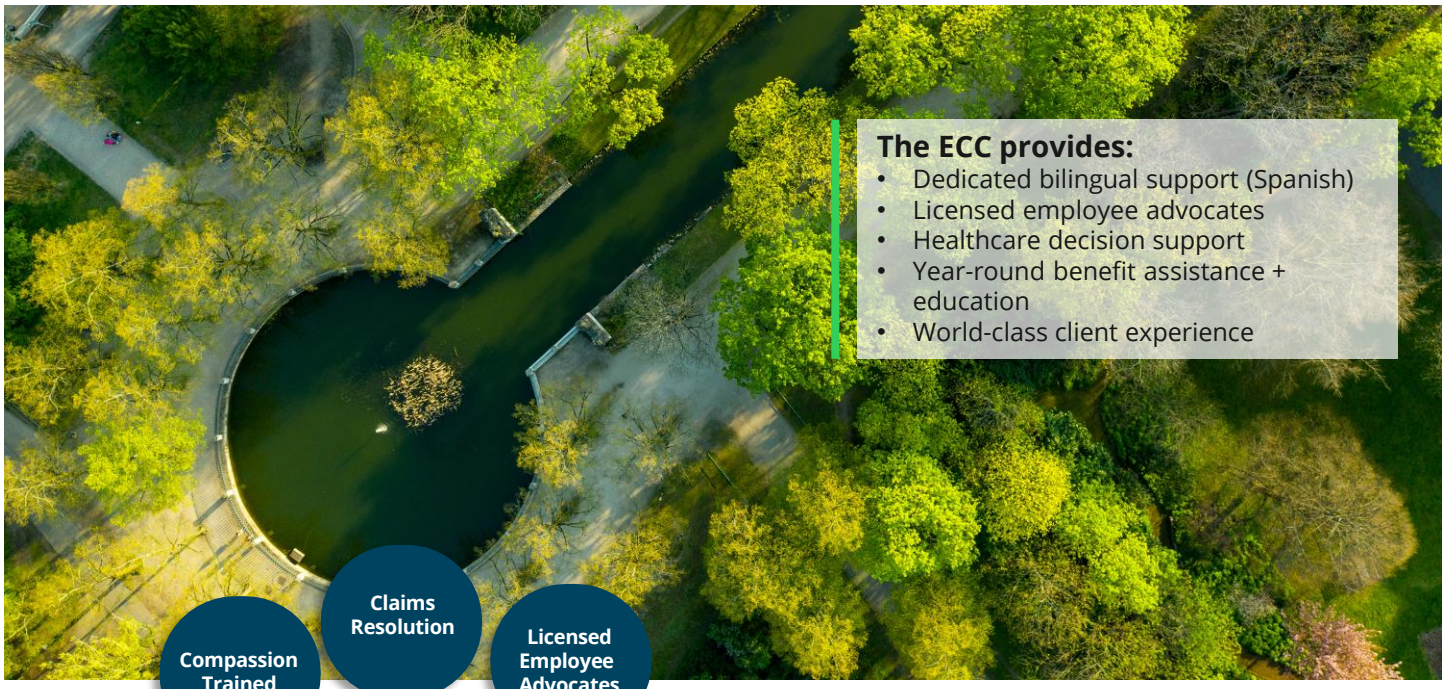

- Employee Contributions: Your pre-tax contributions are made through payroll deduction. You may stop deductions or make changes to your contribution percentage by completing a form.
- Elective Deferral Maximum Contribution: You can make elective deferrals up to the maximum allowed by federal regulations. The *estimated* maximum annual amount is $24,000 for 2026.*
- Catch-up Contribution: If you are age 50 or older and make the maximum allowable deferral, you are entitled to make additional 'catch-up' *estimated* contributions of $8,000 for 2026.* Special catch-up contribution rules for those near the normal retirement age allow for a higher contribution level.
- Rollovers: Employees may transfer balances from other tax-qualified plans, 403(b), 457(b), traditional IRA, 401(k).
- Withdrawals: Withdrawals are only available in extremely limited situations. Please reach out to HR if you feel you are eligible for a withdrawal from your 457b.

For further information about the City of Chattanooga's deferred compensation plan, contact Lindsay Lacy at (423) 643-7382 or visit https://chattanooga.gov/careers/city-employees-resources/benefits-handbook.
After 1/1/2027, please direct any questions to the HR Benefits Office at (423)643-7224.

**At the time of publication, the 2027 contribution limits have not been released. Visit www.irs.gov for updated information.*
